Choose the SHREDMASTER MODEL that fits your precise requirements

SHREDMASTER BANTAM 10[®]

Quickly, easily, effectively destroys confidential papers and obsolete records in your own office.

Never before an office shredding machine combining such speed and economy. With its smart functional design, the BANTAM 10 takes its place alongside your typewriters and adding machines. Anyone can operate it. There's no fuss. No trouble. The BANTAM 10 exclusive features include extra easy slanted gravity feed, safety throat, greater cutting width, speed, capacity, and more power than ever before! Just plug in — it's ready to give your company complete security from prying eyes of unauthorized persons and competitors.

PAPER CLIPS AND ORDINARY STAPLES CANNOT HARM KNURLED AND HARDENED CUTTERS!

SHREDDING MACHINE CABINET

Designed specially for Bantam 10

Sturdy all-steel cabinet features large removable waste bin. Mounted on casters to roll where wanted. Locks in position. Drop leaves on both sides provide for convenient stacking. Size: 29 1/4" x 15 1/2" x 19".

UNREADABLE SHREDS COME OUT HERE

1. FOR USE BY ANYONE.
2. TROUBLE-FREE.
3. SHREDS CLEANLY WITHOUT DUST OR LITTER.
4. OUTPUT CAN BE USED AS HIGH GRADE. PACKING MATERIAL.

SHREDMASTER SECRO-MAT 12

A fine piece of office furniture, the all new SECRO-MAT 12 Shredmaster is enclosed in a handsome "executive suite" cabinet containing its own waste bin.

Finely styled and highly functional, the SECRO-MAT 12 Shredmaster stands 36" high. It offers all the features of the Bantam 10 Shredmaster, plus many important improvements. Specially hardened steel cutters eliminate the need for removing paper clips. An interlock switch cuts off the machine when cover is raised during operation. This is a great plus safety feature.

The SECRO-MAT 12 Shredmaster rolls quickly and easily where wanted. Casters include a special lock feature that holds the machine motionless in operation.

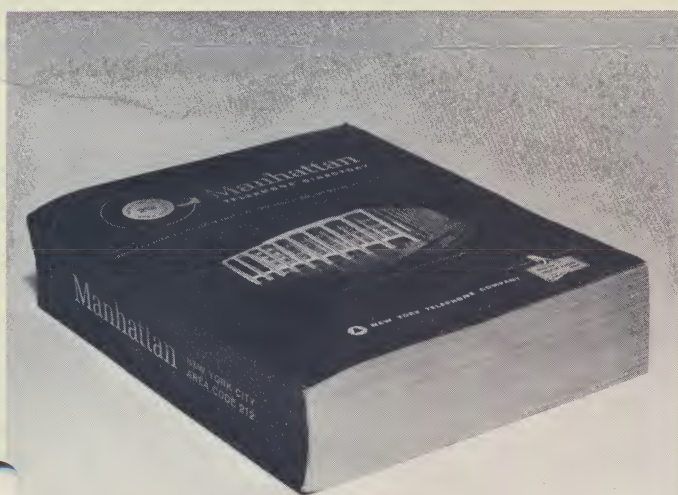

Capacity is up to 550 lbs. of all kinds of paper per hour. A pilot light prevents machine from being left running. All steel parts are Cadmium plated. It's safe and simple to operate by anyone.

Also available as table model (see Jet-12)

Specifications

TYPE	Floor Model
